

Tournament-Ready® Pellets

For Curative or Preventative Treatment of Localized Dry Spot

GENERAL INFORMATION

Tournament-Ready Pellets contain the proven Tournament-Ready liquid formula packaged in a convenient system for supplemental treatment of highly maintained turf areas.

Tournament-Ready Pellets will effectively treat localized dry spot in a range of soil types or turfgrass varieties.

Use Tournament-Ready Pellets as a part of a comprehensive water management program for curative or preventative treatment of localized dry spot.

Tournament-Ready Pellets are formulated for use on golf courses, athletic fields and residential or commercial turf.

USE RATES

Golf Course Greens, Tees and Other Highly Maintained Turf

Areas: One pellet should cover 12,000 to 16,000 square feet of area when watering at an average rate of 3 minutes per 1,000 square feet.

The rate at which a pellet dissolves varies with water pressure, flow rate and temperature.

Reapply Tournament-Ready Pellets as preventative treatment or follow-up maintenance in conjunction with regular turf management programs.
