

- **Fights Drought By Getting Water To the Root-Zone**

Hydro-Wet is a high performance turf and soil wetting agent formulated to assist the management and conservation of water to ensure uniform movement, distribution and availability of water into the root zone.

- **Reduces Water Loss Caused By Run-Off and Evaporation**

Hydro-Wet reduces watering requirements by minimizing water repellency in soils.

- **Eliminates Localized Dry Spots**

Hydro-Wet can be tank mixed or injected through irrigation systems for early season preventative treatment or used in-season as a curative treatment for localized dry spots in turf.

- **Assists Water Infiltration and Drainage**

Hydro-Wet contains a proprietary blend of surfactant ingredients.

- **Controls Dew Formation**

Hydro-Wet[®]

Soil and Turf Wetting Agent

Functioning Agents:

87.5% Poloxanlene, 2-Butoxyethanol

Case and Container Sizes:

2 x 2.5 gallon per case
36 cases per pallet

30 gallon drum
5 drums per pallet

55 gallon drum
4 drums per pallet
