

Leeway Ultra™

Water Conditioner and Penetrant

GENERAL INFORMATION

Leeway Ultra is a blend of water conditioning agents and surfactants formulated for use with a broad range of pesticide and nutrient spray mixtures.

The water conditioning ingredients in Leeway Ultra work to reduce hard water mineral antagonism of pesticide spray mixtures.

Leeway Ultra improves pesticide performance by modifying the wetting and deposition of spray applications for more uniform coverage.

Leeway Ultra is particularly effective with glyphosate-type herbicides that respond favorably to water conditioners and enhanced absorption of the targeted plant tissue.

USE RATES

Ground, Aerial, CDA Use Rates: Use 2 to 8 pints of Leeway Ultra per 100 gallons of spray mixture.

Some pesticides may require higher or lower use rates, always consult the pesticide label instructions prior to use.

TECHNICAL INFORMATION

Net Weight: 9.59 lbs/gal

Specific Gravity: 1.12-1.15

Flashpoint: >200°F SFCC

pH: 5.8-7.5 (neat)

Solubility in Water at 20°C: Dispersible

Color & Appearance: Slightly Hazy to Hazy Colorless Liquid

Storage Temperature - Minimum: 32°F

Storage Temperature - Maximum: 120°F

DOT/IMDG Transportation: Not Regulated

Registered With CDPR: Yes

Registered With WSDA: No

PRINCIPAL FUNCTIONING AGENTS

Tripotassium citrate,
amine alkoxylates, alcohol
phosphates...56.4%

PACKAGING

4 x 1 gallon jugs
36 cases per pallet
Item#: LWYU01

2 x 2.5 gallon jugs
36 cases per pallet
Item#: LWYU02

30 gallon drum
5 drums per pallet
Item#: LWYU30

265 gallon tote
1 tote per pallet
Item#: LWYU265
