

Methylated Seed Oil™

Modified Vegetable Oil Concentrate / Nonionic Surfactant / Antifoaming Agent

GENERAL INFORMATION

Methylated Seed Oil is a unique blend of highly refined and modified spray oil and superior nonionic surfactant.

Methylated Seed Oil's chemistry allows for superior wetting and absorption of those pesticides or products which labels recommend the addition of a spray adjuvant to improve coverage.

The addition of Methylated Seed Oil to a spray tank solution will improve a spray application by physically modifying the deposition and wetting characteristics of the spray solution, the result being a more uniform spray deposit. This product cannot be used for aquatic applications.

The use of Methylated Seed Oil can increase pesticidal activity where the following factors occur, but is not limited to: 1) When used in areas of the country with low relative humidity and high temperatures, 2) When target species are larger than label recommendations at time of application.

USE RATES

Typical Use Rate: Use 1.5 to 2.0 pints per acre.

Always read and follow all label directions of the herbicide being applied.

TECHNICAL INFORMATION

Net Weight: 7.50 lbs/gal

Specific Gravity: 0.88-0.90

Flashpoint: >200°F SFCC

pH: 4.5-7.0 (5% aqueous solution)

Solubility in Water at 20°C: Dispersible

Color & Appearance: Clear Pale Yellow Liquid

Odor: Fatty

Storage Temperature - Minimum: 40°F

Storage Temperature - Maximum: 120°F

DOT/IMDG Transportation (applies to containers greater than 119 gallons only): UN3082, Environmentally Hazardous Substances, Liquid, N.O.S., (contains nonylphenol polyethylene glycol ether). 9, PG III, Marine Pollutant

Registered With CDPR: No

Registered With WSDA: Yes

PRINCIPAL FUNCTIONING AGENTS

Methyl soyate, branched alkyl phenol ethoxylate, dimethylsiloxane polymer.....98.10%

PACKAGING

4 x 1 gallon jugs
48 cases per pallet
Item#: MSO01

2 x 2.5 gallon jugs
48 cases per pallet
Item#: MSO02

30 gallon drum
5 drums per pallet
Item#: MSO30
