

# Hydro-Wet® Pellets

## Hydro-Wet® Pellets Turf Wetting Agent

### Principal Functioning Agents

Polyoxyethylenepolypropoxypropanol, glycol butyl ether.....	50.0%
Inert Ingredients.....	50.0%
<b>Total.....</b>	<b>100.0%</b>

**KEEP OUT OF REACH OF CHILDREN**

### WARNING

- May be harmful if swallowed.
- Causes mild skin irritation.
- Causes eye irritation.

### Precautionary Statements

- Wash hands, face and other affected areas thoroughly after handling.
- Avoid contact with eyes/clothing and prolonged contact with skin.
- Avoid breathing vapors.
- Work in a well-ventilated area.
- If medical advice is needed, have product label on hand.
- Read label before use.

### General Information

Hydro-Wet Pellets are designed to supplement regular applications of KALO's Hydro-Wet turf wetting agent in reducing the incidence of dry spot on turfgrass.

Hydro-Wet Pellets reduce the surface tension of water and aid infiltration into hydrophobic soils.

Hydro-Wet Pellets must be applied with a hose-end applicator specifically designed to slowly dissolve the pellet into the water flow. They are often referred to as a "Pellet Applicator" or "Drencher."

### Directions For Use

#### Golf Course Greens, Tees and Fine Turf

One Hydro-Wet Pellet will provide approximately 30 minutes of treatment. Water flow rates, operating pressures, water temperature and spray nozzle design all have an effect upon the rate at which the pellet will dissolve. It is recommended that a new Hydro-Wet Pellet be added to the applicator after the first has been dissolved to 1/3 its original size. Thoroughly clean applicator after use.

**Use Rates:** Place one Hydro-Wet Pellet into an applicator. Apply 2 to 4 minutes per 1,000 sq. ft. of turfgrass. Treat weekly or as needed. For in-season problems with localized dry spots, extend the application time to 4 to 8 minutes. To prevent the occurrence of localized dry spots, begin applications at least one month prior to moisture stress.

**Note:** It is advisable to hand water or irrigate turf area following an application to assist the movement of the active ingredient into the turf.

**NOT A PLANT FOOD INGREDIENT**

### First Aid

Call a poison control center or doctor/physician if you feel unwell and for further treatment advice.

**If In Eyes:** Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye.

**If On Skin or Clothing:** Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention.

**If Swallowed:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.

### Storage and Disposal

**Storage:** Do not store near heat or open flame. Store in original container. Keep container tightly closed. Keep in cool and dry environment.

**Disposal:** Do not reuse product containers. Dispose of contents/container in accordance with local/national regulations.

#### CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
