

# Medalist®

**Eliminates Localized Dry Spot • Enhances Turf Quality • Reduces Watering Frequency**

### Principal Functioning Agents

Proprietary blend of nonionic carbohydrate surfactants, polyoxyethylene-polyoxypropylene glycol, polydimethylsiloxane...	30.0%
Inert ingredients and formulation aids.....	70.0%
<b>Total.....</b>	<b>100.0%</b>

## KEEP OUT OF REACH OF CHILDREN WARNING

### Directions For Use—Applications Guidelines

Medalist is formulated for use on golf courses, athletic fields, residential and commercial turf and landscape areas.

**Golf Course Greens and Tees:** As a preventative treatment, apply Medalist at a rate of 8 fluid ounces diluted in 1 to 3 gallons of water per 1,000 square feet in advance of high heat stress. After 7 to 14 days following initial application, apply an additional application of 8 fluid ounces per 1,000 square feet diluted in the same manner.

**A monthly maintenance treatment schedule can be substituted for the preventative treatment rate as follows:** Using dilution rates as indicated above; apply an initial application of 8 fluid ounces per 1,000 square feet followed by monthly applications at a rate of 4 fluid ounces per 1,000 square feet.

Follow tank mix applications with a brief watering-in of treated turf areas to ensure that Medalist moves to the soil profile.

**Golf Course Fairways, Athletic Fields and General Turf Areas:** Apply Medalist at a rate of 32 to 48 fluid ounces diluted in 40 to 50 gallons of water per acre. Reapply monthly throughout the season.

**Irrigation Injection; Monthly Program:** Inject 32 to 48 fluid ounces in 40 to 50 gallons of water per acre per month throughout the growing season.

**Soil Mixes and Lawn Care:** Apply 8 fluid ounces of Medalist diluted in 5 gallons of water, then apply to 1 cubic yard of soil mixture or each 1,000 square feet of planting area.

**Lawn Care:** Apply 4 to 8 fluid ounces diluted in 2 to 3 gallons of water applied per 1,000 square feet.

### General Information

Medalist, when used in a water management program, will distribute water more uniformly through the root zone thereby eliminating localized dry spot, enhancing turf quality and reducing watering frequency.

Medalist can be used with irrigation injection systems. It improves water use efficiency everywhere you irrigate.

Medalist contains ingredients derived from renewable resources. This nonionic surfactant provides safe, effective treatment of highly maintained turf when used in accordance with label directions.

Medalist is a registered trademark of KALO, Inc.

### Hazard Statements

Causes serious eye irritation. Causes mild skin irritation.

### Precautionary Statement

Wash thoroughly after handling. Wear protective gloves and eye/face protection.

**IF ON SKIN:** Wash skin with plenty of soap and water. If skin irritation occurs, get medical advice/attention.

**IF IN EYES:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.

### Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal. Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

**Storage:** Keep cool. Store in a dry place. Store in a closed container. Keep container tightly closed. Store in original container only.

**Disposal:** Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.acrcycle.org](http://www.acrcycle.org). Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.

### Net Contents

- 30 Gallons (114 Liters) / □ 55 Gallons (208 Liters)
- 265 Gallons (1,003 Liters)

### First Aid

**If In Eyes:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**If On Skin Or Clothing:** Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

**If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

### Tank Mixing

Tank mix combinations containing Medalist have not been tested under all growing conditions. Applicator should follow instructions of pesticide label to determine such use. Always exercise caution when using wetting agents with other commonly used turf chemicals and fertilizers. Test a limited turf area prior to large scale applications.

### CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following: 1. Refund of the purchase price paid by buyer or user for product purchased, or, 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
