

Spray Prep™

Water Conditioning Agent / pH Adjuster

GENERAL INFORMATION

Spray Prep is a water conditioner and pH modifying adjuvant specifically used as a tank mix additive for glyphosate and other pesticides that are susceptible to antagonism from hard water minerals such as calcium, iron, manganese and other impurities.

Spray Prep prevents hard water mineral antagonism and improves absorption into plants to enhance efficacy on difficult to control weeds.

Spray Prep should be used with spray mixes that are registered for agricultural, horticultural, turf, ornamental, industrial and non-crop use.

USE RATES

After water hardness has been determined, use the following rates:

If water hardness is less than 200 ppm: Use 0.25% v/v (1 quart) of Spray Prep per 100 gallons of spray mixture.

If water hardness is between 200-500 ppm: Use 0.50% v/v (2 quarts) of Spray Prep per 100 gallons of spray mixture.

If water hardness is greater than 500 ppm: Use 1.0% v/v (1 gallon) of Spray Prep per 100 gallons of spray mixture.

For all Applications: Do not substitute Spray Prep for water required by the label. Spray equipment should be rinsed thoroughly after use. Unless instructed otherwise by pesticide label, always add Spray Prep first to the spray water.

NOTE: Do not use Spray Prep with sulfonylurea herbicides or other mixtures that cannot tolerate low pH levels.

Spray Prep is not for aquatic use.

TECHNICAL INFORMATION

Net Weight: 10.84 lbs/gal

Specific Gravity: 1.2-1.3

Flashpoint: >200°F TCC

pH: 1.8-2.2 (0.5% aqueous solution)

Solubility in Water at 20°C: Soluble

Color & Appearance: Clear Golden Yellow Liquid

Storage Temperature - Minimum: 32°F

Storage Temperature - Maximum: 120°F

DOT/IMDG Transportation: UN1760, Corrosive Liquids, N.O.S. (monocarbamide dihydrogen sulfate), 8, PGII (IMDG Marine Pollutant: No)

Registered With CDPR: Yes

Registered With WSDA: Yes

PRINCIPAL FUNCTIONING AGENTS

Urea, glycerin,
polyoxyethylene tallow amine,
sulfuric acid...74.45%

PACKAGING

2 x 2.5 gallon jugs
36 cases per pallet
Item#: SPL02

30 gallon drum
5 drums per pallet
Item#: SPL30

265 gallon tote
1 tote per pallet
Item#: SPL265
