

SPECIMEN LABEL

HYDRO-WET®

Soil and Turf Wetting Agent for Increasing Water Efficiency

Principal Functioning Agents

Poloxanlene, 2-butoxyethanol.....	87.5%
Inert Ingredients.....	12.5%
Total.....	100.0%

All ingredients are exempt from the requirements of a tolerance under 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

Precautionary Statement

CAUTION: May cause eye irritation. Do not get into eyes. Avoid breathing vapors or mists. Avoid using product in a manner as to directly or through drift, expose workers or other persons. Applicators and other handlers must wear goggles or face shield and chemical resistant gloves while applying this product.

First Aid

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

General Information

Hydro-Wet is a high performance turf and soil wetting agent formulated to assist the management and conservation of water to ensure uniform movement, distribution and availability of water into the root zone.

Hydro-Wet reduces watering requirements by minimizing water repellency in soils.

Hydro-Wet can be safely applied as a preventative or curative treatment to improve irrigation efficiency and enhance turf quality by controlling localized dry spots in highly maintained turf areas.

KALO's Pro-Ap® Liquid Siphoning Applicator

Calibrate by connecting Pro-Ap to the quick-coupler water source. Fill Pro-Ap bottle with water for testing purposes. Determine siphon rate under local pressure and flow rate conditions. Walk turf areas at a pace of 30 seconds per 1,000 sq. ft. to confirm siphon rate.

Directions For Uses

Golf Course Greens and Tees:

As a preventative treatment, apply Hydro-Wet at a rate of 8 fl. oz. diluted in 3 to 5 gallons of water per 1,000 sq. ft. in advance of high heat stress. After 7 to 14 days following initial application, apply an additional application of 8 fl. oz. per 1,000 sq. ft. diluted in the same manner.

A monthly maintenance treatment schedule can be substituted for the preventative treatment rate as follows: Using dilution rates as indicated above; apply an initial application of 8 oz. per 1,000 sq. ft. followed by monthly applications at a rate of 4 oz. per 1,000 sq. ft.

Follow tank mix applications with a brief watering-in of treated turf areas to ensure that Hydro-Wet moves to the soil profile.

Golf Course Fairways, Athletic Fields and General Turf Areas:

Apply Hydro-Wet at a rate of 24 to 32 oz. diluted in 40 to 50 gallons of water per acre. Reapply monthly throughout the season.

Irrigation Injection:

Monthly Program: Inject 24 to 32 fl. oz. in 40 to 50 gallons of water per acre per month throughout the growing season.

Soil Mixes and Lawn Care:

Apply 4 fl. oz. of Hydro-Wet diluted in 5 gallons of water, then apply to 1 cubic yard of soil mixture or each 1,000 sq. ft. of planting area. Lawn Care: 2 to 4 oz. diluted in 2 to 3 gallons of water applied per 1,000 sq ft. Irrigate immediately following application.

Tank Mixing

Tank mix combinations containing Hydro-Wet have not been tested under all growing conditions. Applicator should follow instructions of pesticide label to determine such use. Always exercise caution when using wetting agents with other commonly used turf chemicals and fertilizers. Test a limited turf area prior to large scale applications.

Storage and Disposal

Keep container tightly closed. Store in original container only. Triple rinse container, empty rinse water into spray or stock tank. Dispose of empty container in accordance with federal, state and local laws.

Notice-Read Carefully

Limited Warranty and Conditions of Sale

In no event shall KALO, Inc., manufacturer or seller be liable for special, incidental, or consequential damages, or for damages in their nature of penalties relating to the goods sold. KALO, Inc., manufacturer or seller shall not be liable to buyer or user by way of indemnification to customers of buyer, if any, or for any damages or sums of money, claims or demands whatsoever, resulting from or by reason of, or rising out of the misuse, or failure to follow label warnings or instructions for use, of the goods sold by KALO, Inc., manufacturer or seller. Buyer or users exclusive remedy and KALO, Inc., manufacturer or sellers total liability shall be for damages not exceeding the cost of the product.

Warranty Disclaimer

The goods sold to you by this agreement are furnished as is by KALO, Inc., manufacturer, or seller, and are subject only to the manufacturer's warranties if any, which appear on the labels of the products. KALO, Inc., the manufacturer or seller, make no other warranties, guarantees or representations of any kind to buyer or user, either expressed or implied or by usage of trade, statutory or otherwise, with regard to the product sold, included but not limited to merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. Ineffectiveness, or other unintended consequences may result because of such factors as the presence or absence of other materials used in combination with the goods, or the manner of use or application, or atmospheric conditions, all of which are beyond the control of KALO, Inc., manufacturer or seller. In no case shall KALO, Inc., manufacturer or seller, be liable for consequential, special or indirect damages resulting from the use or handling of this product. The buyer or its customers shall assume all such risks. Tests have not been carried out under all possible use conditions, and KALO, Inc., manufacturer or seller, cannot and do not warrant that the product is compatible with all other chemicals.

The law of the state from which such goods are to be shipped shall govern the validity, interpretations and performance of this agreement with respect to goods delivered. This writing contains all of the representations and agreements between buyer, KALO, Inc., manufacturer and seller, and no person or agent of KALO, Inc., manufacturer or seller has any authority to make any representation or warranty or agreement relating in any way to the goods.
