IMPRESS is a trademark of Agrilead, Incorporated.

PRECAUTIONARY STATEMENTS

Do not use before reading and understanding all safety precautions. Wear personal protection equipment (PPE) when handling (see below). If exposed or concerned about exposure seek medical advice or attention.

PERSONAL PROTECTION EQUIPMENT (PPE): Handler of this product must wear long sleeve shirt, pants, shoes, socks, chemical resistant gloves, and splash proof safety goggles or face mask. For additional protection a chemical resistant apron or coveralls are suggested but not required.

FIRST AID MEASURES: If Swallowed: Call a doctor or get medical attention. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol. If on Skin: Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention. Remove contaminated clothing and wash before reuse. Get medical attention if irritation persists. If Inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention. Call a physician if irritation persists.

STORAGE AND DISPOSAL: Storage: Store above 25° F. Store in original package tightly closed. Store in a cool, well-ventilated place. Do not allow water or other chemicals to be introduced into contents of container. Do not store near feed or food products. Do not use or store near open flame. Disposal: Offer triple-rinsed container for recycling, or puncture and dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Dispose of contents/-container in accordance with local/national regulations.

See back label for use instructions, important notices, Conditions of Sale, and Limited Warranty Statement.

Net Contents: 2.5 gallon (9.5 L) / 2 x 2.5 gallon (18.9 L)
 15 gallon (56.8 L) 30 gallon (113.6 L)
 265 gallon IBC (1,003 L)

GENERAL INFORMATION:

IMPRESS™ is designed to improve the coverage and retention of seed treatments on the treated seed when mixed as an additive with EPA registered seed treatments such as fungicides and insecticides.

DIRECTIONS FOR USE:

LABELED CROPS: Wheat, Barley, Oats, Rye, Triticale.

SUGGESTED USE RATE¹: 0.75 to 2.00 fluid ounces IMPRESS™ per 100 pounds of seed

IMPRESS™ additive should be used with a minimum total mixed slurry application volume of 6 fluid ounces or more applied per 100 lbs. of seed.

¹Rates should be adjusted to obtain the desired coverage and performance based upon the seed size, seed coat, total slurry mix volume, and seed treatment application equipment.

MIXING INSTRUCTIONS

ALWAYS READ AND FOLLOW THE MIXING INSTRUCTIONS OF THE EPA REGISTERED SEED TREATMENT CHEMICAL FOR WHICH THIS PRODUCT IS BEING USED AS AN ADDITIVE. The use of a jar-test to confirm compatibility is recommended prior to large volume mixing of any new treatment slurry. In the absence of mixing instructions provided by the chemical manufacturer, follow these general mixing instructions to prepare the slurried treatment mix in the application slurry tank:

1. First add ½ of the water required (if any) and initiate mechanical or other mixing device.
2. Add wettable powder and/or dry flowable seed treatments (if any).
3. Add liquid flowable seed treatments.
4. Add emulsifiable concentrated seed treatments (if any).
5. Add the required amount of IMPRESS™.
6. Add remaining water (if any) and allow mixing to continue for 10 minutes prior to using.
7. Maintain application tank agitation during application.

IMPORTANT NOTICE READ CAREFULLY:

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, except for the purposes of curative control of existing disease or insect pest, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot of a selected chemical treatment. Due to seed quality conditions beyond the control of the manufacturer, no claims are made to guarantee germination of carryover seed.

CONDITIONS OF SALE AND LIMITED WARRANTY

Read the information contained herein before buying or using this product. If the stated terms are unacceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Manufacturer warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond the manufacturer's control prevent elimination of risks in connection with the use of its products. Such risks include, but are not limited to, damage to seeds to which the material is applied and/or mis-application such as improper calibration or mis-handling of post-treated seed. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
