Regulaid®
Nonionic Surfactant For Use With Plant Growth Regulators

Principal Functioning Agents
2-butoxyethanol, poloxalene, monopropylene glycol.......................... 90.6%
Constituents ineffective as spray adjuvants........................................ 9.4%
Total......................................................................................................... 100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN
WARNING

Hazard Statements
• Combustible Liquid.
• Harmful if swallowed.
• Harmful in contact with skin.
• Causes skin irritation.
• Causes serious eye irritation.
• Harmful if inhaled.

Precautionary Statements
• Keep away from heat/sparks/open flames/hot surfaces.
• No smoking.
• Avoid breathing dust/fume/gas/mist/vapors/spray.
• Wash thoroughly after handling.
• Use only outdoors or in a well-ventilated area. Wear protective gloves/eye/face protection.
• If INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
• Call a poison center or doctor/physician if you feel unwell.
• Call a poison center or doctor/physician if you feel unwell.
• Use only outdoors or in a well-ventilated area. Wear protective gloves/eye/face protection.
• Take off contaminated clothing and wash before reuse.

Statement of Practical Treatment
Call a poison control center or doctor immediately for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Use only outdoors or in a well-ventilated area. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison center or doctor/physician if you feel unwell.

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention. Call a poison center or doctor/physician if you feel unwell.

If on Skin or Clothing: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

General Information
Regulaid is a nonionic spreader-activator for use in improving the effectiveness of foliar applied plant growth regulators or streptomycin applications. Regulaid provides superior wetting of the spray solution, uniform spray coverage and improved foliar penetration.

California State Reg. No. 45989-50012-AA
Washington State Reg. No. 45989-06002

Directions For Use
Before using Regulaid, always read and follow all label directions, mixing instructions and precautionary statements of the pesticide label that is to be tank mixed with this product. Use rates for Regulaid will range from 1/2 to 3 pints per 100 gallons of spray solution.

For the products listed, the following use rates are suggested:

<table>
<thead>
<tr>
<th>Product</th>
<th>pints/100 gallons</th>
<th>ml/100 liters</th>
</tr>
</thead>
<tbody>
<tr>
<td>Apogee®</td>
<td>1 to 2 pints</td>
<td>125 to 250 ml</td>
</tr>
<tr>
<td>Ethephon, Ethrel</td>
<td>2 pints</td>
<td>250 ml</td>
</tr>
<tr>
<td>Maleic Hydrazide</td>
<td>2 to 3 pints</td>
<td>250 to 375 ml</td>
</tr>
<tr>
<td>NAA or Amide Sprays</td>
<td>2/3 pint</td>
<td>65 ml</td>
</tr>
<tr>
<td>NAA plus Carbaryl</td>
<td>1/2 pint</td>
<td>65 ml</td>
</tr>
<tr>
<td>NAD</td>
<td>1 pint</td>
<td>75 ml</td>
</tr>
<tr>
<td>Streptomycin</td>
<td>1 to 2 pints</td>
<td>125 to 250 ml</td>
</tr>
</tbody>
</table>

The most effective rate will vary with temperature and humidity at the time of application. The lower rate will normally be required under conditions of high humidity and the higher rate range is suggested under arid conditions. The above use recommendations are considered to be adequate for most uses. Since many factors such as heat, humidity, wind conditions and equipment performance can influence performance, the user should always follow label directions of the product to be tank mixed with Regulaid and consult local agricultural authorities or perform a limited test using this product to determine the optimum use rate for a given application and specific crop.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal of this product.

Storage: Store in a well ventilated place. Keep cool.

Disposal: Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrcycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.

Environmental Hazards
Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

REGULAIID IS NOT FOR AQUATIC USE
