

Citrix™

Citrix™

**Penetrant, Wetting Agent, Spreader****Principal Functioning Agents**

Alcohols, C12-14-secondary, ethoxylated.....	8.15%
Constituents ineffective as spray adjuvants.....	91.85%
<b>Total.....</b>	<b>100.00%</b>

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN**  
**WARNING**

**Hazard Statements**

- Combustible liquid.
- Causes serious eye damage.
- Causes mild skin irritation.

**Precautionary Statements**

- Wash thoroughly after handling.
- Wear protective gloves and eye/face protection.
- IF IN EYES: Rinse continuously with water for several minutes.
- Remove contact lenses if present and easy to do; continue rinsing.
- If eye irritation persists, get medical advice/attention.
- IF ON SKIN OR CLOTHING: If skin irritation occurs, get medical advice/attention.
- IN CASE OF FIRE: Use alcohol resistant foam, CO<sub>2</sub>, powder, water spray to extinguish.
- Do not use water jet.

**First Aid**

**If in Eyes:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

**If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

**If Inhaled:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

**If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

**Environmental Hazards**

**Not for aquatic use.** Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

**General Information**

Citrix is a highly effective surfactant designed for use with insecticides, miticides, fungicides, herbicides, plant growth regulators, defoliant and nutrients. Use Citrix for superior spreading, penetration and uniform distribution. The nonionic chemistry in Citrix enhances the physical and chemical properties of the spray solution and assists in overcoming water repellency of the leaf surface. Citrix may be used with most pesticides, plant growth regulators, defoliant and fertilizer products.

**Mixing**

Fill tank one-half full with water. Add the required amount of other tank mix products while agitating. Add remainder of the water. Add the recommended amount of Citrix last and continue agitation until completion of spraying. For best results, use within 24 hours of mixing. Antifoam and buffering agents may be used if required.

**Directions For Use**

Prior to use, read all the directions on this label and on the labels of the manufacturers' products being used with Citrix. Test for compatibility prior to mixing and application with other chemicals. Always test new tank mix combinations before widespread use.

**Precautions**

Do not apply to fruiting stages of pome fruit, cherries, table grapes or other sensitive or stressed crops without first consulting your distributor or representative. Test for compatibility when combining in tank mixes with EC products, copper and/or chlorpyrifos on sensitive crops. NOTE: Citrix reduces dew formation for up to 7 days and therefore may increase the risk of frost damage in frost prone areas.

**Use Rates**

**Herbicides:** 25 to 100 fluid ounces per 100 gallons of water. Use higher rates on weeds with waxy or hairy leaf surfaces that are hard to penetrate.

**Defoliant & Desiccants:** 32 to 64 fluid ounces per 100 gallons of water.

**Plant Growth Regulators:** 5 to 10 fluid ounces per 100 gallons of water.

**Insecticides, Fungicides, Miticides, Foliar Nutrients**

**Air-assisted sprayers & conventional sprayer in field and row crops:** 25 to 64 fluid ounces per 100 gallons of water.

**ULV equipment such as aerial, electrostatics, foggers and misters:** 25 to 96 fluid ounces per 100 gallons of water.

**Chemigation\* through irrigation systems such as drip, microjet, sprinklers or pivot:** 10 to 20 fluid ounces per acre.\*Not approved in CA.

**Storage and Disposal**

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Store in tightly closed containers in dry, well-ventilated area, away from excessive heat and incompatibles. Store in original container only.

**Disposal:** Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture and dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Dispose of contents/ container in accordance with local / national regulations.

**Spill:** In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

**CITRIX IS NOT FOR AQUATIC USE**

**CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES**

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
