

# Custom Coverage

## Custom Coverage

### Custom Mixed Polymer & Colorant Seed Treatment Additive

### Principal Functioning Agents

Proprietary aqueous blend of homo polymers and colorants...100.0%

Labeled in accordance with 29 CFR 1910.1200, APP. C.

Contains trace levels (<1%) of a component which may have chronic health effects.

Consult the SDS for additional information.

**KEEP OUT OF REACH OF CHILDREN  
DANGER**

### Hazard Statements

- Suspected of causing cancer.
- Causes serious eye damage.

### Precautionary Statements

- Wear protective glove/clothing and eye/face protection.
- Wash hands thoroughly after handling.
- Obtain special instructions before use.
- Do not handle until all safety precautions have been read and understood.
- Wear long-sleeved shirt, pants, shoes, socks, chemical resistant gloves and splash proof safety goggles or face mask.
- For additional protection, a chemical resistant apron or coveralls are suggested but not required.

### Important

Do not use before reading and understanding all safety precautions. Wear personal protection equipment (PPE) when handling (see Precautionary Statements). If exposed or concerned about exposure, seek medical advice or attention.

### First Aid

**If In Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a poison center or physician if irritation develops or persists.

**If Swallowed:** DO NOT induce vomiting. Drink plenty of water. Seek medical advice.

**If Inhaled:** Remove to fresh air. If symptoms develop, consult medical advice.

**If On Skin Or Clothing:** Rinse skin thoroughly with plenty of soap and water. Get medical advice if irritation develops or persists.

### General Information

Custom Coverage is a combination seed treatment additive of Free Flow™ polymer additive and Colorizer™ seed treatment colorant.

Custom Coverage is designed to enhance treatment coverage & retention on the seed coat and impart a color to the treated seed.

Custom Coverage may be used with any aqueous based seed treatment product designed for mixed slurry application to any type of seed grown for food, feed, or other vegetative purpose.

The use of a jar-test to confirm compatibility is recommended prior to large volume mixing of any new treatment slurry.

Custom Coverage is available in several color options.

### Suggested Use Rates

**For Use With Pre-Colored Treatments:**

Add 1.25 fluid ounces per 100 pounds of seed.

**For Use As A Stand-Alone Color Treatment:**

Add 1.50 to 1.75 fluid ounces per 100 lbs of seed.

**For Custom Coverage Red Treatments:** Follow the rate and use directions on the product package label.

### Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

**Storage:** Store in secured area not accessible to unauthorized personnel. Do not store in direct sunlight. Ideal storage temperature zone is between 40° and 80°F. **Do not allow product to freeze.**

**Disposal:** Triple rinse container after use and then offer for recycling, reconditioning, or otherwise dispose of as allowed by local regulations. Dispose of container/contents in accordance with local/national regulations.

Custom Coverage, Colorizer and Free Flow are  
Manufactured by KALO, Inc.

#### CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
