

Tournament-Ready® Plus Pellets with Actosol®

Tournament-Ready® Plus Pellets with Actosol

Surfactant with Humic Acid and Micronutrient

GUARANTEED ANALYSIS

Iron (Fe)...0.5%

NONPLANT FOOD INGREDIENTS

30.0% Alkylpolyglycoside
1.0% Siloxane
19.0% Poloxalene
2.0% Humic acid from Leonardite
48.0% Inert binders

KEEP OUT OF REACH OF CHILDREN WARNING

Hazard Statements

- Causes skin irritation.
- Causes eye irritation.

Precautionary Statements

- Wash thoroughly after handling.
- Wear protective gloves and eye/face protection.
- IF IN EYES: Rinse cautiously with water for several minutes.
- Remove contact lenses if present and easy to do; continue rinsing eye.
- If eye irritation persists, get medical advice/attention.
- IF ON SKIN: Wash with plenty of soap and water.
- If skin irritation occurs, get medical advice/attention.
- Take off contaminated clothing and wash before reuse.

First Aid

Call a poison control center or doctor/physician if you feel unwell and for further treatment advice.

If In Eyes: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye.

If On Skin or Clothing: Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention.

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.

General Information

Tournament-Ready Plus Pellets with Actosol contain a blend of soil surfactants combined with a water-soluble humic acid. These components assist with reducing localized dry spot by providing uniform soil moisture content plus improving stress tolerance, water retention, and stimulation of root mass and plant growth.

Tournament-Ready soil surfactant and Actosol humic acid work in tandem to improve moisture holding and cationic exchange capacity of soils. The humic acid ingredient covers certain naturally available soil minerals into plant-available form.

Tournament-Ready Plus Pellets with Actosol can assist to establish new plantings or maintain existing areas resulting in improved soil moisture and soil mineral balance.

Directions For Hose-End Applicator

Using available commercial in-line hose applicators, remove the plastic lid, insert the Tournament-Ready Plus Pellets with Actosol and the plastic jar into the reservoir of the hose-end applicator with the opening of the jar containing the pellet facing toward the flow of water. Secure the reservoir to the applicator and begin application. Inserting the jar with the pellet facing away from the water flow will slow the rate of erosion of the pellet thereby reducing the amount of wetting agent dispersed over time. This is an acceptable option for minimizing wetting agent use.

Use Rates For Golf Course Greens, Tees and Other Highly Maintained Turf Areas: Place one pellet into an applicator. Apply 2 to 4 minutes per 1,000 sq. feet of turfgrass.

Treat weekly or as needed.

Reapply Tournament-Ready Plus Pellets with Actosol as preventative treatment or follow-up maintenance in conjunction with regular turf management programs.

Storage and Disposal

Do not store near heat or open flame. Store in original jar. Keep jar tightly closed. Keep in cool and dry environment. Do not reuse product jars. Dispose of contents and jar in accordance with local and national regulations.

NOT A PLANT FOOD PRODUCT

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
