

# Bio-Film Export™

Spreader-Sticker for Agricultural Sprays | For Export Purposes - Intended For Re-Packaging

## Principal Functioning Agents

Alkylarylpolyethoxyethanol, free and combined fatty and phosphatic acids, isopropanol...	25.5%
Constituents ineffective as spray adjuvant.....	74.5%
<b>TOTAL.....</b>	<b>100.0%</b>

**KEEP OUT OF REACH OF CHILDREN  
DANGER**

### Directions For Use

Bio-Film Export is effective in small quantities and need not be used at rates above the lowest amount necessary to provide adequate wetting and uniform deposit.

#### High Volume Sprayers:

1/4 pint/100 gallons (over 500 gal/acre)

#### Concentrate Sprayers:

1/4 to 1/2 pint/100 gallons (50 to 200 gal/acre)

#### Ground Sprayers:

1/2 pint/100 gallons (10 to 50 gal/acre)

#### Aircraft Sprayers:

1 pint/100 gallons (5 to 10 gal/acre)

Rates given above are recommended ranges for various types of application equipment. These rates may vary with water conditions, pesticide formulations, and equipment. It is suggested that the lowest recommended rate be tried first and then increased only if better depositing and distribution are obtained at a higher rate.

UN1993, FLAMMABLE LIQUID, N.O.S.,  
(morpholine and isopropanol), 3, PG III.

### Hazard Statements

Highly flammable liquid and vapor. May cause drowsiness or dizziness. Causes serious eye irritation. Harmful in contact with skin. Causes skin irritation. Harmful if swallowed.

### Precautionary Statements

Keep away from heat, spark, open flame and hot surfaces. NO SMOKING. Use explosion-proof electrical, ventilating, lighting and equipment. Avoid breathing fumes, mists, vapors and spray. Use only outdoors or in a well-ventilated area. Wear protective gloves/clothing and eye/face protection. Wash thoroughly after handling.

**IN CASE OF FIRE:** Use alcohol resistant foam, CO<sup>2</sup> powder, water spray for extinction. Do not use water jet.

### First Aid

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a poison center or doctor/physician if you feel unwell. **IF IN EYES:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention. **IF ON SKIN (or hair):** Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention. Remove/take off immediately all contaminated clothing and wash before reuse. Rinse skin with water/shower. **IF INGESTED:** Obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.

### Storage and Disposal

**Storage:** Store in a well-ventilated place in a tightly closed container. Store locked up. **Disposal:** Dispose of contents/container in accordance with local or national regulations.

**Net Contents: 55 Gallons (208 Liters)**

### General Information

Bio-Film Export is a water soluble spreader-sticker for providing improved distribution and retention of insecticide, acaricide and fungicide deposits on the plant foliage. It aids in forming a continuous insoluble non-drying elastic film on difficult-to-wet plant surfaces.

Bio-Film Export greatly reduces rainfall and sprinkler irrigation erosion of the spray residue.

Bio-Film Export is an extremely effective wetting and deposition agent.

### Environmental Hazards

Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

#### CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following: 1. Refund of the purchase price paid by buyer or user for product purchased, or, 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
