

Mainstay Elite™

Mainstay Elite™

Nonionic Surfactant and Oil Substitute

Principal Functioning Agents

Alkylphenol ethoxylate, vegetable oil ethoxylate, tall oil fatty acid, polydimethylsiloxane.....	90.0%
Constituents ineffective as spray adjuvants.....	10.0%
Total.....	100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN WARNING

- May be harmful if swallowed.
- Causes skin irritation.
- Causes serious eye irritation.

Precautionary Statements

- Wash thoroughly after handling.
- Wear protective gloves and eye/face protection.

First Aid

Call a poison control center or doctor immediately for treatment advice.

IF SWALLOWED: Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.

IF ON SKIN OR CLOTHING: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

General Information

Mainstay Elite is an advanced adjuvant formula containing a blend of surfactant components typically found in 90/10 nonionic surfactants combined with ethoxylated vegetable oil to deliver the efficacy of an oil concentrate while maintaining the crop safety of a nonionic surfactant.

Mainstay Elite is intended for use with pesticides that are labeled for agricultural and horticultural spray applications.

Mainstay Elite provides wetting and uniform coverage of the spray and reduces the tendency for wash-off of spray deposits by rainfall, dew or irrigation. The antifoam agent in Mainstay Elite minimizes troublesome foam.

Mainstay Elite can be used with a range of pesticide applications including glyphosate or combination sprays that recommend nonionic surfactants and/or oil adjuvants.

Directions For Use

Mainstay Elite is intended for use with pesticides that are labeled for agricultural and non-agricultural uses. Mainstay Elite cannot be used for aquatic applications. Some pesticide labels recommend a higher or lower surfactant use rate for optimum efficacy. Follow the pesticide label directions when this occurs.

Use Rate: Use 1 to 4 pints per 100 gallons of spray mix.

For use with glyphosate herbicides refer to the herbicide label for recommended surfactant rates. Do not add this product at a rate which exceeds 1.0% of the finished spray volume. For wettable powders, water soluble materials and emulsifiable products add Mainstay Elite in water after a good mixture is formed.

Mainstay Elite can be used with most insecticides, fungicides, herbicides, defoliants and desiccants to improve the performance of the active spray ingredients by giving more uniform distribution and better wetting of the plant surface.

Mainstay Elite is a broad-spectrum adjuvant specifically designed for optimum activity enhancement when used with a wide range of pesticides and solvents such as water, aromatics, alcohol and aliphatics.

Prior to using Mainstay Elite, read and follow all instructions that appear on the pesticide label that are to be tank mixed with this product.

For wettable powders or emulsifiable liquids, add Mainstay Elite after a good mixture has been formed.

MAINSTAY ELITE IS NOT FOR AQUATIC USE

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store above 32° F. Store in a closed container. Store away from heat or open flame and oxidizing materials.

Disposal: Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
